30 East 29th St N.Y. City

Dear Mr Dorn:—

It is simply a disgrace that your fine letter of ~~last~~ March 2, 1939, has been so long unanswered, but fact is it was lost, or mixed in with a lot of my papers, together with the further fact that I have been pretty much a wanderer on the earth for several years past. You will also please note that the check herewith enclosed is dated Dec. 29, 1939, so was deducted from income for that year. For this I am sorry as no doubt it could have served some good purpose. However you will please see that it is properly accredited.

This letter is being written as I am preparing to leave for Beverly Hills Calif. where a Dr. Nelson, who has been treating my arthritis for the past year, is located.

Should you acknowledge receipt of this you may address me 90, E. T. Nelson M.D. Nelson Clinic Beverly Hills Calif.

As you know, I am getting pretty old - 82 last May 29th but apart from inability to get about well, am otherwise fairly well. I trust to hear from you that you are well.

Sincerely W. J. Maclean.

Paid on my writing as my hands are becoming affected.
