Dear Charles Joseph,

I am delighted to hear that Gaston's book "The Philosophy of Freedom" is having a big sale and that you are already contemplating a reprinting.

I must confess I have not yet read the book, but hope to shortly. It so happens that I have two other books on my schedule that must be read before taking up this one.

I will be moving back to Mt. Vernon in a day or two where I hope to have more time for reading.

Yours sincerely,
