Dear Mr. Schneider:

Thank you very much for your letter of March 10th together with the enclosures covering the correspondence of Father E. J. Flanagan. It is quite evident that Father Flanagan is not personally familiar with the plan otherwise he no doubt would have given you more information. I think thought that we have a pretty good idea of what this plan is and if we take steps toward the purchase of the building we will endeavor to work out something similar to this.

Thank you for your very kind assistance in the matter. I am

Very sincerely yours,
