Dear Mr. Anderson:

While always thankful for 'small favors', and your prompt response to the Dollar A Month Club bid, I don't want, unless it is necessary, to release you from even the indefinite larger contribution.

The fact is that if I can't hold what I have and add to it, by the Dollar a Month and other schemes, I will have to lay down, or so much as to destroy my enthusiasm.

I hope you will forgive the bluntness of the above, which is only out of a sense of humor of course.

I hope you are well, and as happy as usual. By the way, I may see you if you go to the conference at Toronto.

Sincerest regards.

Truly yours,

CHARLES H. INGERSOLL  
President

Dear John-Anderson-My Jo-John:

Your letter reached me in the nick of time, not that any tragedy is happening, but I am sinking—or was—into a sort of 'homeless-frindless' mood, due to lack of contact with people—largely my own fault doubtless.

This was why I wanted to make that trip of a whole year, making just 1000 personal talks and perhaps I can do it next year.

Thank you very much for the \$5 check enclosed.

Very truly yours,

CHAS. H. INGERSOLL  
President

P.S. (The girl thought I was thru, but I have hardly started to thank you for your continued encouragement, and to say that it comes at a crucial time because I am really trying to figure out whether to keep on worrying, or quit and take it easy).

Your courage at the rate of \$100 or so a year makes me think something of myself again. So I have already written 2 or 3 others whom should be interested as much as you, and I am going after that, (not 100 as you suggest) but only a dozen or so would be ample.

So sorry not to have more time with you. It seemed almost as if we were trying to keep away from each other. I especially wanted to cultivate your ~~old~~ friends (lady friends), and more especially Miss Bradshaw (?). I have just come from my first visit to the new H.G.S.S.S. building, delivering a 3 page letter which I will loan you a copy of, rather than string this out any longer. I think I am going to do that institution considerable good before I get thru. Please let me know what you think about the letter.

CHI

P.S. again: My young lady worries considerably, a <sup>crack</sup> ~~big~~ small hole in a large doughnut, a 15¢ exchange on your checks. Perhaps we are being imposed on. What do you think?

Dear Friends-

In conference with L.A. Bonta, 100 Ninth Avenue, West Orange, N.J., yesterday, who is the active man in the N.J. legislative movement, (you may wish to record his address), the importance of having Miss Bateman's article in form for distribution came up.

So, I am writing to you instead of Joe Miller, and ask him about it. He would like some for his active canvas of the business men of N.J., which we are extending into N.Y.C.

Kindest regards to you and Miss B.

Sincerely yours,

CHAS. H. INGERSOLL  
President

THE DOLLAR-A-MONTH CLUB

A good friend of mine and Democratic Economics is Dr. F. M. Padelford of Fall River, where I talked last week, to the Lions and Kiwanis Clubs, and a lot of his friends.

I talked with him about the serious financial situation here, wherein for the sake of relatively few dollars--for necessary expenses--the work I have been doing for years, may have to be seriously out down.

He renewed his suggestion made some time ago:--that most of our people, without serious handicap, could contribute a dollar a month to such vital work as this; and this would fall in with other monthly payments, so that it would be convenient. So he proposes "A Dollar A Month Club", to keep this Old Relic of Georgism functioning, so that my efforts are many times multiplied, by talking to the millions of these many radio audiences.

Dr. Padelford is the charter member. Who will join him?

CHAS. H. INGERSOLL, Pres.

May 6th

1938

I hereby apply for membership to the Dollar A Month Club, and I will monthly, or every other month, remit. Subject, however, to my resignation at any time.

Signed

W. Anderson

Ret. me N

Dear Cha Maxwell

I feel ashamed when I see the date of your last letter Sep 20th! Have been away and every day is busy & some duties have been neglected -

I return herewith copy of your letter. Your points seem sound to me. Seems as if mentally is tripping over straws - As you say we don't want theories or acrobatic feats of the mind - We want facts and Common Sense.

Too bad that these bright? Minds try to befog the issue - Tell that little lady for me that I will plug up that hole in the doughnut on my next remittance later

in the month or Early Nov.

My Lady friends are busy organizing classes to start in 2 or 3 weeks.

hope a few more friends  
will come to the rescue so that  
you can keep going next year -  
you and I need not worry - we  
can do our bit - sow some seed  
others will reap the harvest -  
when you and I quit and take it easy  
it will mean we are nearing the end  
of the road - we couldn't quit if  
we tried!

Again I say that your letter  
should help to straighten out  
some crooked thinking of the  
School Graduates -  
Good luck to you.

Yours  
Montgomery

Dear Chas Ingersoll

Returned to the office 2 or 3 days ago and find yours of 7th inst - I believe your work is worth while and deserves more support. - The school is fine, ideal but the Carit stand is idle while the pupils are being Educated. It is difficult to trace results from a broadcast - but I have no doubt whatever, but yours have started some people thinking and may have made many converts from whom you will never hear - I feel your work should be continued if it can be financed. Unfortunately I cannot make a large contribution as I have no salary now and my income is cut in two compared with a few years ago - I can stand \$50<sup>00</sup> over the next 6 mos - after that will see if I can continue or increase the amt - If you could get 50 to 100 others to do the same you would be away to a good start

I shall be glad to hear what  
kind of response you get and  
hope it will be sufficient to  
enable you to carry on —

Yours in the Faith

Wm. M. Mendenhall
