OFFICE OF VICE-PRESIDENT

Dear Char Ingersoll

Delighted to have yours of 8th
Keep up the good work - It is
the only thing worth doing -
George was the first man to
really interpret the practical
side of Christian Ethics.

While I am an officer and active
member of a Christian Church -

I criticize their futile efforts
towards a better civilization
and tell my fellow members
that they are mere time servers
with no knowledge of natural
laws which are the laws of

the Creator. Further that the church
is slipping all the time because
it has failed to be Christian

and will pass into oblivion unless
it wakes up to the fact that our
social system is a violation of all
that the founder stood for -

Dear Friend Anderson:

I wonder if you can't now favor the Club with a contribution. I can say that it has never put out a bigger volume of work even in the days when Jim Brown was at his best.

My broadcasting is increasing always both in volume and quality. My latest development is three more stations making five in all for my Friday Philadelphia trip.

I am working with the HGSSS people and hope to get my material regularly used into the Freeman.

I am sorry that I can't report continuance of 'democracy': but I am bound to launch it. My Forum and other broadcasts from the new WBIL 5000 Watt station are improving weekly.

Your contributions to this club are for the club not for the President who takes care of himself and all his traveling and other expenses.

Rent, typist, and postage is all I am putting up to you.

Very truly yours,

CHARLES H. INGERSOLL
President

Thank you for your check for \$5.15, and \$1 cash which is being duly credited. These helps are worth double now when we are definitely assuming new burdens (papers) and even working on 1938 program: lecturing (see pg. 5, no. 15 'democracy').

I hope you understand you are helping me finance this work because I not only work all the time at it, but pay all my own and considerable of the club's expenses. Also, thanks very much for yours of the 9th and praise of 'democracy'. This is helpful.

Mr. Charles H. Ingersoll,
1165 Broadway,
New York, U.S.A.

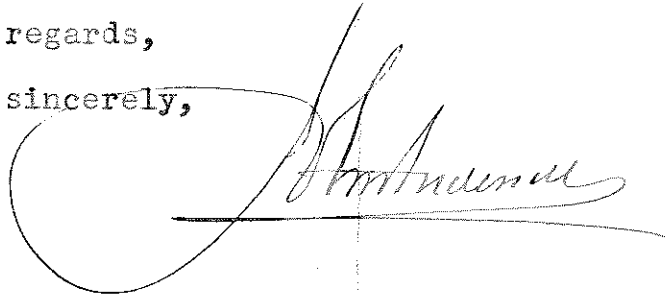

Dear Mr. Ingersoll:-

Thank you very much for yours of the
14th. inst. enclosing pamphlets from the department of
Labor at Washington.

As regards the rate of wages in vogue
about one hundred years ago about which I asked you
some time ago I am pleased to say that by accident
I received from a friend of mine all the information
I desire on the subject, so do not pay any further
attention to my previous request.

With kind regards,

Yours sincerely,

A handwritten signature in cursive script, appearing to read "J. M. Anderson", written over a horizontal line. The signature is fluid and somewhat stylized, with a large loop at the beginning.

Dear John Anderson:

Enclosed is U.S. Department of Labor answer to my request on your behalf and under separate cover are the pamphlets referred to therein. I trust they will be useful to you or that they may lead to your obtaining what you want.

Possibly it would more satisfactory for you to take the matter up direct with this department, if they seem to be valuable as a source to you.

Kind regards,

Sincerely yours,

Dear Mr. Ingersoll:--

In answer to your postal card of the 6th.,
inst..

I must have overlooked replying to your
letter of 21st. ult., relating to our broadcasting
and apologize. In any case would say that the old
program has been discontinued. It was the most un-
popular thing sent over the air in Canada, and was
disliked by practically everybody.

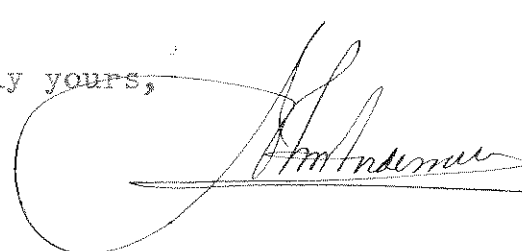

I understand the Advertising Department is
now committed to a new program, which started a week
or so ago.

My time is entirely taken up in the pro-
duction end of the business, and I have nothing to say
in the Advertising Department. These programs are
arranged through our agents J. Walter Thompson CO., of
Montreal, who in turn work through their parent
company, located in New York, who attend to all the
advertising of Standard Brands Inc. I feel sure that
J. Walter Thompson Company of New York, would give you
any information you desire in the matter referred to.

As promised you sometime ago, I am sending you
my monthly remittance of \$5.00 herewith. *Go added*

With kind regards,

Sincerely yours,

*P.S.
Just came across your letter Dec 21. Today
beered with a lot of papers -
Been all upset lately morning to
New quarters.*

Dear Mr. Anderson:

I have just discovered my failure to answer yours of the 4th ult. because my friend Graham did not respond: and now, I have no authentic information for you: I have more or less guess work and 'common knowledge' stuff.

I am in the habit of stating the land values of greater New York at 10 to 15 billions and annually around a billion: these are likely to be exaggerated. I am writing to the Assessment Board for official figures and will send them on to you.

Regarding labor figures now and a half century ago, I also have seen something of the answer, but wouldn't know where to look for it: I am writing the Dept. of Labor in Washington and will let you know about that.

Kind regards.

Sincerely yours,

Gentlemen:

Will you kindly favor me with whatever information you have on the relative condition of labor at various dates? i.e. most recent date and such available dates as may be covered, back as far as fifty years or seventy-five, or farther.

This would naturally relate primarily to wages, but might also include other vital conditions, such as cost of living, etc.

Sincerely yours,

Dear Mr. Anderson:

Yours of the 4th reminds me of Dec. 21 relating to the Arbitration Court. Did you get that? (I will bring the book from my home and answer you later). I wrote you about the Chase & Sanborn dropping the Good Will Court and how I could get them to propose a 'Court of Arbitration' which would be far more attractive for them and which could not be held objectionable by anyone. This is from my letter.

Dear Friend Anderson:

I am enclosing herewith a copy of The Economic Proofsheets, Vol. 1, No. 1. I hope you will recognize this as another entering wedge—or perhaps a following-up wedge: four of these weeklies put together will make April 'democracy'. Later I hope this process ~~will~~ ^{will} evolve into a regular weekly 'democracy'.

Meantime—and accounting for its title—the Proofsheets will be used to promote an Ingersoll column in the newspapers and other periodicals: under the caption 'Tick-talks of Ingersoll'.

The 'birth' of mediums for the distribution of economics, the presenting of Georgist Democracy to the Layman, is a delicate and crucial process which requires moral support and financial help.

By adding another day's strenuous labor in a country printing office, and by ~~other~~ close figuring, I hope to produce this Proofsheets weekly: if so one of its great advantages will be to keep me in touch with you weekly.

Thanking you for your splendid cooperation and asking its continuance, I am with sincerest regards
