To the Members of the Legislative Committee:

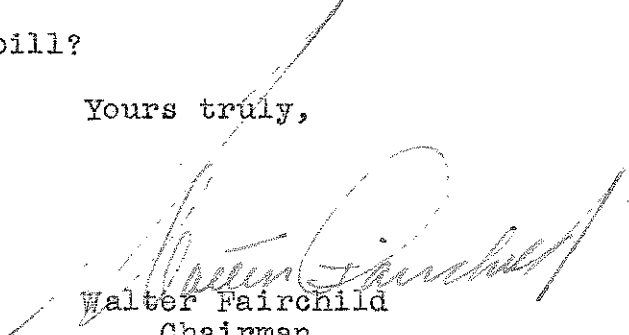

I call your attention to a proposed amendment to the State Constitution introduced by Assemblyman Ehrlich, Assembly No. 52, Int. 52. I note by the press that the Real Estate Association of the State of New York is backing this bill.

I think this is a very bad bill. I enclose a summary of what it proposes.

Do you think that our Association or our Committee should take any position in opposition to this bill?

Yours truly,
